Millenia Products Group-Locker Systems

Dwyer locker systems are all about storage and organization. With a variety of size options and configurations, we have the lockers to fit your facility.

Featuring an ultra smooth 270° opening, European designed hinge, auto-close feature, secure locking, and five elegant handle choices, there is no match for the **Dwyer** locker system.

DWYER

Millenia Products Group / 1345 Norwood / Itasca, IL 60143 / PH 630-458-0401 / FX 630-458-1271

Millenia Products Group-Patient Rooms

Patient rooms are a place where patients should feel comfortable with their surroundings, and your staff should feel comfortable that everything in their workspace is functional and durable.

Dwyer casework provides attractive and flexible layout solutions that ensure many years of worry free use.

DWYER

Millenia Products Group / 1345 Norwood / Itasca, IL 60143 / PH 630-458-0401 / FX 630-458-1271

Millenia Products Group-Lab Casework

Dwyer modular casework offers application specific features that satisfy a wide range of user requirements. Our large variety of finish options are engineered to withstand the rigorous use and harsh materials commonly found in lab environments.

Our lab benches may be outfitted with electrical components as well as integrated gas and plumbing utilities. **Dwyer** casework provides functional solutions that offer both aesthetic design and high quality materials

Millenia Products Group-Lab Exam Rooms

Few areas demand more emphasis on the durability of its furniture than your **exam** and **procedure** areas. We supply environments that are durable, yet offer finishes and textures that reassure the most apprehensive patients.

With **Dwyer** casework, you can give your organization a calming atmosphere and supply your employees with the durability and functionality they need. To ensure peace of mind, we provide a ten-year warranty including on-site service.

DWYER

Millenia Products Group / 1345 Norwood / Itasca, IL 60143 / PH 630-458-0401 / FX 630-458-1271

Millenia Products Group-Pharmacies

Dwyer modular casework provides solutions that comply with the latest regulations for infection control within clinical pharmacy areas. The **Dwyer** IV-Storage Cabinet is a pass through cabinet that, along with our wall and soffit systems, divides two rooms.

The pass through cabinet incorporates sloped stainless steel shelves that automatically force first-in, first-out procedures. Our engineers have developed a tambour door system that prevents drastic changes in air flow that may trigger air pressure alarms in pharmacies.

DWYER

Millenia Products Group / 1345 Norwood / Itasca, IL 60143 / PH 630-458-0401 / FX 630-458-1271

Millenia Products Group-Procedure Rooms

The **Dwyer** product is ideal for procedure areas like catheter labs. We offer a full assortment of specialty cabinets with pullouts for catheters and wires.

Optional glass doors allow for quick selection by offering great visibility and a clean look. The supreme quality hardware used in the **Dwyer** product insures many years of hard, yet trouble free use.

DWYER

Millenia Products Group / 1345 Norwood / Itasca, IL 60143 / PH 630-458-0401 / FX 630-458-1271

Millenia Products Group-Medical Storage

We understand the demanding nature of the work environment in today's leading acute care facilities. We offer a wide range of finishes and worksurfaces designed to meet the relevant needs of clinical areas.

Dwyer modular casework is available in powder-coated steel, laminate, **Thermofoil** or stainless steel. Our countertops are available in solid phenolic, epoxy resin, laminate, solid surface or stainless steel.

We are here to help you furnish your technical and clinical areas.
